INDEPENDENT AUDITORS' REPORT

Board of Directors SOS Children's Villages Illinois, Inc. Chicago, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of SOS Children's Villages Illinois, Inc., (the Organization) which comprise the statements of financial position as of December 31, 2018 and 2017, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors SOS Children's Villages Illinois, Inc.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of December 31, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2018, the Organization adopted Accounting Standards Update (ASU) No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities.* Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 29, 2019, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

NOTE 1 NATURE OF ACTIVITIES

SOS Children's Villages Illinois, Inc. (the Organization) is a nonprofit corporation incorporated in the state of Illinois on November 3, 1988. The Organization has four sites: three Villages that provide sibling foster care and one that offers preventive services. The Lockport Village was the first Village in Illinois and was formed to provide foster care for children. Lockport Village was completed in January of 1994 and consists of 18 single-family homes, along with a community/activity center and administrative offices. Children reside in each of the homes under the guidance of a full-time trained and certified Organization foster parent.

On August 26, 2004, the Organization opened its first Urban Foster Care Village (Chicago Village). The Chicago Village consists of 15 single-family homes and four duplexes, which house foster children and professional foster parents. Chicago Village also includes 24 homes for moderate-income families through the Chicago Department of Housing's New Homes for Chicago. The centerpiece of the Chicago Village is a community center that includes day care, an infant and toddler program, an outpatient therapy center, meeting rooms, and administrative offices, which opened on September 5, 2007. The community center is open to the entire Auburn-Gresham community.

On December 30, 2011, the Organization acquired Casa Tepeyac, a facility that offers preventative and in-home services in the Back of the Yards neighborhood of Chicago. Programs offered at Casa Tepeyac are aimed at strengthening families and offering individualized intervention for youth coming out of the juvenile justice system.

On October 31, 2014, the Organization opened its second Urban Foster Care Village, Roosevelt Square Village, located in the Near West Side, Little Italy, and University Village neighborhoods. Roosevelt Square Village consists of 14 duplex homes. The Roosevelt Square Village homes were made possible through funding and collaboration with the City of Chicago, the Chicago Housing Authority, and a bond placement with Wintrust Bank. Temporary administrative offices are located near the Village and provide comprehensive wrap-around services to the children and families.

The Organization has been established and operated in accordance with the rules and regulations and criteria established by the SOS Kinderdorf International, a related party, which is headquartered in Innsbruck, Austria, to the extent there is no conflict with any applicable federal or state laws or regulations.

The Organization's program services are as follows:

Lockport, Chicago, and Roosevelt Square Villages – The Organization builds families by providing stable homes in a supportive community environment, designed to help children in need to grow into caring, productive, and self-reliant adults. The Organization strives to be the premier foster care agency in Illinois by putting the needs of children first, working closely with parents, staff, and the community to deliver nurturing, innovative, and quality services.

NOTE 1 NATURE OF ACTIVITIES (CONTINUED)

Lockport, Chicago, and Roosevelt Square Villages (Continued) – Each child in the Organization's care lives with a full-time SOS parent, and siblings live side-by-side under one roof. One of the Organization's primary goals is to reunite siblings previously separated and keep them together whenever possible. The Organization welcomes traumatized children and works to help them make the transition into self-reliant, productive adults, all while receiving the support of their biological brothers and sisters. The Organization's model also provides caseworkers, therapists, and other supportive services on site, which improves the ability to help the children. The village concept creates a community environment, which ultimately provides much-needed roots for the foster children and helps stabilize their environment.

The Organization offers a wide range of program activities and initiatives in conjunction with its foster care program, including tutoring, mentoring, recreational, and social opportunities, as well as program activities for adolescent parents and transitional living services.

Casa Tepeyac – Casa Tepeyac offers preventive and in-home family services. The team works to teach prevention in the home, ensure the well-being and safety of the children, as well as guide youth and families in strengthening their bonds. Additionally, offered at the facility are lectures, workshops, as well as individualized intervention for youth coming out of the juvenile justice system. These intervention services support families to help all parties adjust as youth re-enter home environments and stabilize placement to reduce the risk of recidivism.

In-Home Family Services help families build on their strengths, tackle tough problems, and stabilize to help youth deal with issues related to gang involvement or intimidation, delinquency, academics, and relationships. Our staff work in the family home and community to help parents gain effective parenting skills, attain support services, resolve conflict and crisis, deter gang involvement, and improve social, life, coping, and academic skills.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents

Cash and cash equivalents consists of all cash and highly liquid financial instruments with original maturities of three months or less, including money market funds, and which are neither held for nor restricted by donors for long-term purposes. Cash and cash equivalents – designed by board includes funds which had been specifically identified by the Organization's board to establish a long-term reserve.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Investments</u>

Investments consist of common equity securities, U.S. Treasury obligations, U.S. Government agencies investments, and corporate, municipal, and foreign bonds. Investments – designated by board includes funds which had been specifically identified by the Organization's board to establish a long-term reserve. Investments are carried at fair value with unrealized and realized gains and losses on investments reported as increases or decreases in net assets without donor restrictions. Realized and unrealized gains and losses and investment fees are reported as investment income (loss), net in the statements of activities.

Service Fees Receivable

Service fees receivable are uncollateralized obligations primarily from government agencies, which are generally paid within 30 days from the billing date. Service fees receivable are stated at the invoice amount.

The carrying amount of service fees receivable is reduced by a valuation allowance that reflects management's best estimate of amounts that will not be collected. The valuation allowance was \$14.763 as of December 31, 2018 and 2017.

Note Receivable

The Organization's note receivable is stated at the unpaid principal balance plus accrued interest. It is evaluated for collectability based on the borrower's financial condition and payment history. Provisions for losses on notes receivable are determined on the basis of loss experience and current economic conditions. The carrying amount of the note receivable is reduced by a valuation allowance that reflects management's best estimate of amounts that will not be collected. No provision for loss was considered necessary by management at December 31, 2018, as the donor is expected to pay in accordance with the terms of the note agreement. See Note 6.

Property and Equipment

Purchased property and equipment are stated at cost. Property and equipment purchases in excess of \$500 per unit are capitalized. Maintenance repairs or minor improvements which neither materially add to the value of the property nor appreciably prolong its life are expensed as incurred. Gains or losses on dispositions of property and equipment are included in the statements of activities. Donated property and equipment are stated at fair market value at the date of the donation. Gifts of cash or other assets that must be used to acquire property and equipment are reported as with donor-restricted support. Absent explicit donor stipulations about how those assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service.

The Organization depreciates its property and equipment using the straight-line method over the estimated useful lives of the assets, which are as follows:

> Buildings and Building Improvements Furniture and Equipment Vehicles

10 to 30 Years 3 to 10 Years 5 Years

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment (Continued)

Depreciation expense for the years ended December 31, 2018 and 2017 was \$1,162,863 and \$1,228,823, respectively.

Net Assets

The net assets of the Organization are classified as follows:

<u>Net Assets Without Donor Restrictions</u> – Net assets available for use in general operations. Net assets without donor restrictions - board-designated consist of net assets designated by the Board of Directors for operating reserve.

<u>Net Assets With Donor Restrictions</u> – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled or both. The Organization has no net assets with perpetual donor restrictions.

Bond Issuance Costs

Bond issuance costs are recorded as a deduction from the respective bonds payable and amortized on a straight-line basis over the term of the respective bond payable, which approximates the effective interest method. See Note 7.

Amortization of the debt issuance costs that has been included in interest expense for the years ended December 31, 2018 and 2017 was \$12,012.

Impairment of Long-Lived Assets

The Organization reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or the fair value less costs to sell.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Obligation Under Interest Rate Swap

The Organization utilizes an interest rate swap arrangement to manage risks related to interest rate movements on its bonds payable. See Note 7. The interest rate swap contract is reported at fair value in the statements of financial position, and unrealized gains or losses are included in the statements of activities. The Organization's interest rate risk management strategy is to stabilize cash flow requirements by maintaining the interest rate swap contract to effectively convert variable rate debt to a fixed rate.

Support and Revenues

The Organization receives a significant portion of its operating funds from grants and awards. These funds are reported as without donor restricted support as the grants reimburse the Organization for services provided.

The Organization records contributions in accordance with accounting principles generally accepted in the United States of America for nonprofit organizations. Contributions are recognized as revenue when the donor makes a promise to give that is, in substance, without restriction. Contributions received are recorded as with or without donor restricted support depending on the existence and/or nature of donor restrictions. All donor-restricted support is reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

In-Kind Donations

In-kind donations of property, equipment, or materials are recorded as financial support at their estimated fair value at the date of donation. Such donations are reported as without donor restricted support unless the donor has restricted the donated asset to a specific purpose. Conditional transfers of assets are recognized when the conditions on which they depend are substantially met. Donations of services are recorded if they create or enhance a nonfinancial asset or are specialized skills that would be purchased if they were not donated. For the years ended December 31, 2018 and 2017, the Organization received \$9,706 and \$17,216, respectively, of legal, writing/public relations, and other miscellaneous in-kind services.

Functional Allocation of Expenses

The costs of providing various program and supporting services have been summarized on a functional basis in the statements of activities, and functional expenses. Accordingly, certain costs have been allocated among the program and supporting services benefited. Expenses are charged to each function based on direct expenditures incurred. Any expenditures not directly chargeable are allocated to the programs based on the proportional use of the service provided. Those expenses are administrative costs which include salaries and benefits, professional services, home office, utilities, buildings and grounds, insurance, and depreciation and are allocated on the basis of the time and effort which are estimated based on the time allocations of staff among the programs.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Liquidity

The Organization has \$3,762,519 of financial assets available within one year of the statement of financial position date consisting of cash of \$3,507,286, receivables of \$2,277,966, and short-term investments of \$1,865,327. These assets total \$7,650,579 and are reduced by those assets subject to donor or contractual restrictions totaling \$3,888,060 that make them unavailable for general expenditure within one year of the statement of financial position date. The Organization has a goal to maintain financial assets, which consist of cash and short-term investments, on hand to meet 60 days of normal operating expenses, which are, on average, approximately \$930,000 per month. As part of its liquidity management, the Organization's management and Finance Committee complete year-end review of cash in excess of operating requirements in various short-term investments including short-term money market accounts.

Measure of Operations

The Organization's change in net assets before other income on the statements of activities includes all operating revenues and expenses that are an integral part of its program and supporting activities, net assets released from donor restrictions to support operating expenditures and other nonoperating funds to support current operating activities. The measure of operations excludes the change in fair value of its interest rate swap.

Adoption of New Accounting Standard

In 2018, the Organization adopted Accounting standards Update (ASU) No. 2016-14 – *Not-for-Profit entities* (*Topic 958*): *Presentation of Financial statements of Not-for-Profit Entities*. This guidance is intended to improve the net asset classification requirements and the information presented in the financial statements and notes to the financial statements about a not-for-profit entity's liquidity, financial performance, and cash flows. Main provisions of this guidance include: presentation of two classes of net assets versus the previously required three; recognition of capital gifts for construction as a net asset without donor restrictions when the associated long-lived asset is placed in service; and recognition of underwater endowment funds as a reduction in net assets with donor restrictions. The guidance also enhances disclosures for board-designated amounts, composition of net assets without donor restrictions, liquidity, and expenses by both their natural and functional classifications.

A recap of the net asset reclassifications driven by the adoption of ASU 2016-14 as of January 1, 2017 is as follows:

	ASO 2016-14 Classifications					
	Without Donor	With Donor	Total Net			
Net Asset Classification	Restrictions	Restrictions	Assets			
As Previously Presented:	<u> </u>					
Unrestricted	\$ 16,907,056	\$ -	\$ 16,907,056			
Temporarily Restricted		1,967,732	1,967,732			
Net Assets, as Reclassified	\$ 16,907,056	\$ 1,967,732	\$ 18,874,788			

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Organization is exempt from income taxes under Section 501 (c)(3) of the Internal Revenue Code (IRC). In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(1).

The Organization has adopted the requirements for accounting for uncertain tax positions. The Organization has determined that it is not required to record a liability related to uncertain tax positions for the years ended December 31, 2018 and 2017. The Organization files returns in the U.S. federal jurisdiction and in the state of Illinois.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and those differences could be material.

New Accounting Standards

Revenue Recognition

In May 2014, the FASB issued amended guidance to clarify the principles for recognizing revenue from contracts. The guidance requires the Organization to recognize revenue to depict the transfer of goods or services in an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services. The guidance also requires expanded disclosures relating to the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts. Additionally, qualitative and quantitative disclosures are required regarding contracts, significant judgments and changes in judgments, and assets recognized from the costs to obtain or fulfill a contract. The guidance will initially be applied retrospectively using one of two methods. The standard will be effective for the Organization for annual periods beginning after December 15, 2018.

Leases

In February 2016, the FASB issued amended guidance for the treatment of leases. The guidance requires lessees to recognize a right-of-use asset and a corresponding lease liability for all operating and finance leases with lease terms greater than one year. The guidance changes the accounting for sale and leaseback transactions to conform to the new revenue recognition standard. The guidance also requires both qualitative and quantitative disclosures regarding the nature of the Organization's leasing activities. The guidance will initially be applied using a modified retrospective approach. The amendments in the guidance are effective for fiscal years beginning after December 15, 2019. Early adoption is permitted.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassifications

Certain reclassifications have been made to the 2017 amounts to conform to the 2018 classifications. These reclassifications did not impact the previously reported change in net assets.

NOTE 3 FAIR VALUE OF FINANCIAL INSTRUMENTS

The Organization reports certain assets and liabilities at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that we can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset or liability. In these situations, we develop inputs using the best information available in the circumstances.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There are no changes in valuation methodologies during the years ended December 31, 2018 and 2017.

Investments

Fair values for Level 1 investments are determined by reference to quoted market prices and other relevant information generated by market transactions. Fair value for Level 2 investments are determined by reference to quoted market transactions for assets similar to those held to support the underlying assets. The Organization does not have Level 3 investments.

NOTE 3 FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

Interest Rate Swap

The fair value of the interest rate swap is estimated by a third party using a model that builds a yield curve from market data for actively traded securities at various times and maturities and takes into account current interest rates and the current credit worthiness of the respective counterparties. The interest rate swap is classified within Level 2 of the valuation hierarchy.

Fair values of assets and liabilities measured on a recurring basis at December 31, 2018 and 2017 are as follows:

	2018					
	Level 1	Level 2	Level 3	Total

NOTE 5 CONTRIBUTIONS RECEIVABLE

Contributions receivable are unconditional promises to give and are as follows at December 31:

	2018		2017	
Unconditional Promises to Give Receivable in Less than One Year	\$	916,748	\$	383,300
Unconditional Promises to Give Receivable in One to				
Five Years		523,102		286,550
Unconditional Promises to Give Receivable in Over				
Five Years		10,000		1,000
Total		1,449,850		670,850
Less Allowance for Uncollectible Amounts		5,000		5,000
Net Unconditional Promises to Give	\$	1,444,850	\$	665,850

NOTE 6 NOTE RECEIVEABLE

In June 2018, the Organization entered into a ground lease agreement with the Chicago Housing Authority (CHA) for the purpose of developing and operating affordable housing units. Under the terms of the agreement, the Organization would pay CHA \$1 per year over the 99-year lease term. The Organization recognized a \$3,150,000 contribution based on the fair market value of the ground lease as determined by the appraised value of the property. The Organization then immediately assigned the ground lease to an unrelated third party, Taylor Street LA LLC, in acceptance of a \$10,000 donation and a note receivable.

At December 31, 2018, the unpaid principal balance of the note is \$3,160,000 with accrued interest of \$56,222. Interest on the note accrues at 3.05% per annum. Payments on the note commence in 2020 with \$5,000 annual payments through 2030 and the remainder due with any unpaid interest on June 30, 2060.

NOTE 7 LONG-TERM DEBT

Long-term debt is summarized as follows:

<u>Description</u>	2018		2017	
Mortgage note payable to the Illinois Housing Development Authority (IHDA); non-interest bearing; requires monthly payments of \$1,980; final balloon payment due May 1, 2035; secured by property located in Lockport, Illinois and by a security interest in certain personal property.	\$ 625,680	\$	649,440	
Bond payable to the Illinois Finance Authority with credit issued through Wintrust Bank; \$16,000,000 adjustable rate demand revenue bond, Series 2014, issued on April 1, 2014; bond matures March 1, 2044 with Wintrust Bank's put-date on April 16, 2021, which is expected to be extended prior to this date; bond carries interest at a variable rate and requires quarterly payments through the maturity date; bond is secured by an interest in all property; bond includes various covenants, which have been met as of				
December 31, 2018 and 2017.	 12,420,000		12,908,000	
Total	 13,045,680		13,557,440	
Less: Current Portion	499,748		499,748	
Less: Bond Issuance Costs	 304,145		316,157	
Total Long-Term Portion	\$ 12,241,787	\$	12,741,535	

NOTE 7 LONG-TERM DEBT (CONTINUED)

Future maturities of long-term debt are as follows:

Year Ending December 31,	 Amount		
2019	\$ \$ 511,760		
2020	511,760		
2021	511,760		
2022	511,760		
2023	511,760		
Thereafter	 10,486,880		
Total Future Maturities	 13,045,680		
Less: Bond Issuance Costs	 304,145		
Total Net of Bond Issuance Costs	\$ 12,741,535		

In conjunction with the bond issuance, the Organization incurred bond issuance costs of approximately \$360,000. These costs are amortized over the life of the bond.

NOTE 8 FORGIVABLE LOANS

In December 2011, the Organization acquired certain assets and assumed certain liabilities under a transfer of assets and an assumption of liabilities agreement with Boys Town Chicago, Inc., Father Flanagan's Boys' Home, an independent nonprofit organization. The Organization assumed a ground lease agreement for property with the Catholic Bishop of Chicago that expires on August 30, 2036. See Note 13.

The Organization also received a building situated on the land of the previously noted ground lease and other miscellaneous equipment. The building was recorded at its appraisal value at \$330,000 at the closing date in 2011. The building has an attached forgivable loan with the City of Chicago, subject to annual forgiveness, as long as the Organization continues to operate the facility as a respite home for at-risk youth. The forgivable loan is subject to annual forgiveness of approximately \$9,700, expiring on August 31, 2046.

NOTE 9 DERIVATIVE FINANCIAL INSTRUMENT

The Organization is exposed to certain risks relating to its ongoing activities. The primary risk managed by using a derivative instrument is interest rate risk. An interest rate swap was entered into to manage interest rate risk associated with the Organization's fixed-rate bond borrowings. To protect the Organization from adverse and unexpected interest rate fluctuations, the Organization entered into an interest rate swap to convert its bond payable, which is based on a variable interest rate, to partially fixed-rate debt.

NOTE 9 DERIVATIVE FINANCIAL INSTRUMENT (CONTINUED)

The initial notional amount of the Organization's swap agreement was \$13,000,000 with a fixed interest rate of 2.62% for a period of seven years. The remaining \$3,000,000 of the Series 2014 bond has a variable interest rate initially set at 1.80% and is pegged to the London Interbank Offered Rate for a period of seven years.

A summary of the borrowings, swap balance, and related other income is as follows:

	 2018	2017
Notional Amount	\$ 13,000,000	\$ 13,000,000
Negative Value of Swap	224,031	456,933
Income from Fair Value Adjustment	232,902	290,333

NOTE 10 EMPLOYEE RETIREMENT PLAN

The Organization maintains a defined contribution plan under Section 403(b) of the IRC covering substantially all employees. This plan is available to all full-time employees who have attained the age of 21 and have completed at least one year of service and 1,000 hours of service within the 12-month period. The Organization is obligated to make contributions to the plan at a rate of 4% for all staff of eligible salaries per year. Participants in the plan become fully vested upon completion of five years of service. The Organization funds retirement costs monthly as incurred. Contributions to the plan totaled \$134,932 and \$126,361 for the years ended December 31, 2018 and 2017, respectively.

NOTE 11 DEFERRED COMPENSATION PLAN

During the year ended December 31, 2017, the Organization established a Section 457(b) deferred compensation plan which cover full-time executives. The Organization, in its discretion, may make nonelective contributions to the 457(b) plan on behalf of its plan participants. The Association awarded \$31,345 to and no amounts were forfeited from the 457(b) plan for the year ended December 31, 2018. The Association awarded \$31,860 to and \$3,088 was forfeited from the 457(b) plan for the year ended December 31, 2017. The deferred compensation plan was fully funded during the year ended December 31, 2018 and 2017. The value of the plan assets was \$57,179 and \$30,644 for the years ended December 31, 2018 and 2017, respectively, which is included in the statements of financial position as Investments Held for Deferred Compensation Plan along with a corresponding liability to the plan participants of the same amount.

NOTE 12 NET ASSETS WITH DONOR RESTRCITIONS

Net assets with donor restrictions are available for the following programs, purposes, and periods as directed by the donors as of December 31:

	2018		2017	
Subject to Expenditure for Specified Purpose:				
Amli Family Events	\$	8,374	\$ 8,374	
Chicago Village Wellness Program		139,478	139,478	
College Bound and Beyond		422,906	407,654	
Educational Program		127,813	127,814	
Graduate Greatness Program		5,207	5,207	
Jean Lonsdale Education Fund		11,180	10,180	
Lockport Scholarship Fund		425	425	
Photo Club		700	700	
Private School Education		1	1	
Strategic Plan		5,000	5,000	
Swiss Garden Project		23,344	21,965	
Tennis		2,265	 2,265	
		746,693	729,063	
Subject to Expenditure for Specified Purpose and		_	_	
Passage of Time:				
Capital Campaign - Roosevelt Square				
Community Center		3,141,367	1,238,669	
Total Net Assets With Donor Restrictions	\$	3,888,060	\$ 1,967,732	

NOTE 13 LEASE COMMITMENTS

The Organization leases office space under a noncancelable operating lease that expires during 2027. The office lease requires the Organization to pay certain operating costs such as maintenance and insurance. The Organization also assumed a ground lease agreement through the acquisition discussed in Note 8. The ground lease requires an annual rental payment for the use of the land by the Organization of \$10, expiring at August 30, 2036. The Organization has recorded a discounted receivable and contribution for the difference in the fair market lease value of the land and the payments to be made over the life of the lease. The receivable is reported as other receivables, net in the statements of financial position.

Rental expense under these operating leases totaled \$99,129 and \$96,698 for the years ended December 31, 2018 and 2017, respectively.

NOTE 13 LEASE COMMITMENTS (CONTINUED)

Future minimum rental commitments for all noncancelable leases in effect as of December 31 are as follows:

Year Ending December 31,	 Amount		
2019	\$ 111,320		
2020	121,440		
2021	121,440		
2022	127,402		
2023	129,935		
Thereafter	472,012		
Total	\$ 1,084,004		

Subsequent to year-end, the Organization entered into an agreement to lease a fleet of 21 vehicles. The lease will be in place of purchasing new vehicles to replace the aging fleet. The lease term is effective upon delivery of the vehicles, which is anticipated for the last quarter of 2019. The lease cost per vehicle ranges from \$440 to \$675 for a term of 60 months.

NOTE 14 CASH FLOW DISCLOSURES

Cash paid for interest was \$556,172 and \$569,858 during the years ended December 31, 2018 and 2017, respectively.

For the year ended December 31, 2018, noncash investing transactions included a ground lease that was transferred at a value of \$3,150,000 for a note receivable. There were no noncash investing or financing transactions during the year ended December 31, 2017.

NOTE 15 CONCENTRATIONS

Accounting principles generally accepted in the United States of America requires disclosure of information about current vulnerabilities due to certain concentrations. These matters include the following:

Concentration of Credit Risk

At times during the years ended December 31, 2018 and 2017, the Organization held cash in excess of federally insured limits.

Concentration of Revenue

Approximately 58% and 79% of total support and revenues in each of the years ended December 31, 2018 and 2017, respectively, were received from the state of Illinois Department of Children and Family Services (IDCFS). Receivables due from IDCFS totaled \$716,948 and \$200,836 as of December 31, 2018 and 2017, respectively.

NOTE 15 CONCENTRATIONS (CONTINUED)

Concentration of Revenue (Continued)

For the year ended December 31, 2018, two donors accounted for approximately 68% of total contribution revenue. For the year ended December 31, 2017, three donors accounted for approximately 48% of total contribution revenue.

NOTE 16 COMMITMENTS

During 2013, the Organization received a donation of land from an unrelated organization valued at \$1,570,000. The conveyance of the land was for the purpose of the Organization constructing a licensed foster care facility on the land. Construction of the facility has been completed and the final unit was occupied in December 2018. The Organization is now required to continue operating the facility as a provider of foster care services for 15 years through 2033.

NOTE 17 COMPLIANCE WITH GRANTER RESTRICTIONS

Financial assistance from governmental entities in the form of grants is subject to special audit. Such audits could result in claims against the Organization for disallowed costs or noncompliance with grantor restrictions. No provision has been made for any liabilities that may arise from such audits since the amounts, if any, cannot be determined at this time. Management believes that any disallowance of expenditures under these grants would not be material.

NOTE 18 SUBSEQUENT EVENTS

Management evaluated subsequent events through April 29, 2019, the date the financial statements were available to be issued. Events or transactions occurring after December 31, 2018, but prior to April 29, 2019 that provided additional evidence about conditions that existed at December 31, 2018, have been recognized in the financial statements for the year ended December 31, 2018. Events or transactions that provided evidence about conditions that did not exist at December 31, 2018, but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended December 31, 2018.
